## **Discussion question- Long distance D/s relationships- sexting, controlling her throughout the day (i.e.: telling her to do things at work) –let’s brainstorm ideas and tell of things that we have done in the past.**

- 1) Amos- would text “what are you wearing” tell them to take of parts or undo buttons etc. Then “prove it” (take a photo in the bathroom)
- 2) Ilya- created a treasure hunt to get to his place- hid instructions on notes between the skytrain and his place (ie: write part of this quote on your thigh, and gave directions to next spot).
- 3) Amos- partner in England- told her to send him a message at a specific time, ordered to wear an outfit, walk down a specific street at a set time. When she was in that spot texted her to look up and find the guy in the blue hat (him)- gave a sense of being watched.
- 4) Little Girl- phone sex- tell her to wear an outfit and go to specific location and masturbate. Online- given instructions to write things and send them to him (ie: an exploration of who I am, a fantasy, research on a topic)
- 5) Amos- give instructions- call me at a set time (be doing a specific thing ore wearing things)
- 6) Amos- Play with the senses- ie: go sit on the couch and feel the texture- remember the moment/ experience associated with that sense
- 7) Ilya- senses- could use sent- classically condition an association between a scent and the play you do. Later you could evoke a memory/feeling of the scene with just the smell
- 8) Amos- has done Ilya’s idea except with sound- would use a specific rhythm of walking at beginning of scene while she’s blindfolded. Later this rhythm could evoke a memory or feeling
- 9) Kitty- ordering to wear a wearable vibe while doing mundane things, but don’t cum
- 10) Little Girl- Orgasm denial- over a long time can get into a frenzy state everything can turn her on or cause orgasms (words, sounds, touch)  
-Shannon comments- usual goal is to cause large release/ huge orgasm at end when finally allowed, but this has backfired. When finally allowed she has become so good at blocking it that she is no longer able to even.
- 11) Shannon- ordered to send a photo of the puddle on the bed and toy that she masturbated with
- 12) Amos- tell her to wear something (small like an earring) to public as a sign that she has accomplished the tasks he demanded.
- 13) Eric- tells her to bring old clothes and cuts them off her (with her eyes closed) sound sensory play

- 14) Shannon- orders to buy specific clothes and wear them for a date
- 15) Seann- ordered to go to “family planning section and read all condom labels- stay there for 10 minutes”
- 16) Shannon- did an online treasure hunt/ photo contest- one of the items was to take a photo of a cucumber, condoms, and Vaseline on a checkout conveyer belt at a store. Photo of you in public with “slut” written on forehead. Photo of you at a pet store in a dog cage... etc (See full list at end)
- 17) Kitty- Tell boy to masturbate on first break at work.
- 18) Shannon- humiliation- get him to buy feminine hygiene products
- 19) Amos- wearing a mask/ hood in public
- 20) Ilya- get a man to paint his nails- gradually progress from more normal colours to more noticeable ones
- 21) Amos- tell her to wear red lipstick- kiss him on the cheek. He then wears the lipstick mark for the day.
- 22) Seann- wearing anal plugs in public
  - put clothes pins on labia and go to church with them on still. Later told her to take these off in the mall but not in a washroom (ie: by a sales rack in a department store) then leave the pins out in public
- 23) Ilya- customized ringtones- get her to have a dirty song play for when he calls- adds humiliation when the song/ring plays in public.
- 24) Seann- food control- forcing her to eat food in a very strange way (ie: noodles and sauce separate) in public. Co-workers ask questions.
- 25) Little Girl- when at work wear no panties and sit on seat with naked bum on the fabric.
  - Wear nothing but a long coat- take a photo on skytrain of flashing
- 26) Eric- phone as a vibrator?
  - Shannon comments- toy on market that uses cell phone signals to turn on a vibrating panty
- 27) Ilya- wear rope for a week (ie: chest harness) under clothing- wash with it on.
- 28) Eric- chastity devices
  - nipple ring with a bell- wears it and then the sound notifies master of presence. In public others would hear
  - Little Girl- has worn a slave anklet or bracelet (bells)- hearing it reminds you of him. Wrist one was a way of behaviour modification to reduce how much the sub talked with her hands.
- 29) Ilya- Blogging- order her to write on a specific topic each day.
- 30) Unkown name- order her to masturbate in her panties and then wear them all wet to work.

### 31) Seann

- Write various things on tummy in lipstick and send a picture from work. E.g. Daddy's slut, Fuck hole with arrow pointing down
- Wear a skirt/dress without panties and always have naked bum contact whatever you're sitting on.
- When texted during day, run finger through pussy and suck on it regardless of your surroundings & people around you.
- Fit a word into the current or next conversation, e.g. screwdriver
- Find something at work (or home) that can be used as a dildo, clean or cover with a condom and masturbate in the bathroom. Text details.
- Buy Listerine peppermint breath strips. Tear 1/8 of a strip off, touch to tongue to moisten, then place on your clit. Rub it in.
- When at a restaurant with others, text me what you'd like to order. Don't order until you hear back from me or 3 ½ minutes have passed.
- Go into bathroom at work/home with a make-do dildo. Fuck yourself 30 times hard and fast, saying as loudly or softly as you dare, "I love you, Daddy." You are NOT allowed to cum.
- Obtain a piece of paper 3" x 4" that has no printing on it. Place the edge of the paper inside your pussy lips, making sure it gets good and wet so it'll stay in place. Go about your normal day hoping the paper will not fall off.
